Luciano Villavicencio | LucianoVillavicencio

Profile

Tech enthusiast passionate about building software and understanding how systems work under the hood. 3rd-year Information Systems Engineering student at UTN Rosario with hands-on experience in IT technical support and a strong foundation in full-stack web development. Competitive programming (ICPC) and collaborative software projects have taught me discipline, problem-solving under pressure, and adaptability across every technical challenge I take on.

Education

Information Systems Engineering *(2023 – Present)*

Universidad Tecnológica Nacional (UTN). Coursework in software development, algorithms, systems architecture, and database management.

Experience

Independent IT Technical Support

Freelance Technician – Private Clients *(2020 – Present)*

- Hardware and software fault diagnosis and troubleshooting, providing clear technical guidance to users.
- Installation and administration of Windows and Linux systems, data recovery, and remote technical support.
- Domestic LAN/WLAN network configuration and custom assembly and thermal maintenance of high-performance PCs.

Academic & Personal Projects

FLG Gym – Web Management Platform *(2026)*

Developed a full-stack web application in a 3-person team (*React, TypeScript, NestJS, MySQL*) applying collaborative Git workflows. Built a client-server architecture featuring role-based authentication (JWT/OAuth), Mercado Pago payment integration, relational domain modeling, and Swagger API documentation.

Music Educator & Pianist Website *(2026)*

Designed and deployed a responsive web application from scratch on Vercel (*React, TypeScript, Vite*). Integrated in-browser audio processing via the Web Audio API, a centralized data configuration architecture for seamless updates, and a light/dark mode UI.

Technical Skills

- **Programming:** Python, TypeScript, JS, SQL
- Full-Stack Web Dev (React, NestJS)
- Databases & Information Systems (MySQL)
- Hardware Diagnostics & LAN/WLAN Networks
- Windows & Linux Systems Administration
- Version Control with Git & GitHub

Professional Skills

- Problem solving & critical thinking
- Teamwork & project management
- Flexibility & adaptation under stress
- Effective communication & documentation

Languages

Spanish: Native **German:** A2 (2nd year)

English: B2 (FCE)

Certifications

- B2 First Certificate (FCE) – *Cambridge*
- PC Repair & Networking – *FAGDUT (2015)*

Extracurricular Activities

ICPC – Competitive Programming *(2025 – Pres.)*

UTN Rosario team contestant solving complex algorithmic problems under strict time constraints.

Hobbies & Passions

- Reading and Continuous Learning
- Strategy and Role-Playing Video Games
